Requirements for Federally Funded Grants

Data Universal Numbering System (DUNS) Number:

The federal government requires a DUNS number as part of the grant application to keep track of how federal grant money is awarded and dispersed. If your organization needs to obtain a DUNS number, go to <http://fedgov.dnb.com/webform>. You can also search this site if you cannot find your agency's number. Under normal circumstances, a new account can be created in 24-72 hours. The federal government has published DUNS Frequently Asked Questions at <http://fedgov.dnb.com/webform/displayFAQPage.do>. Check with your agency's financial office before registering for a DUNS number - it is likely your agency already has one.

Unique Entity Identifier and System for Award Management (SAM):

All applicants for this grant opportunity must be registered in SAM before submitting an application; and continue to maintain an active SAM registration with current information at all times during the period of performance for the grant.

WEM's website has a helpful guide for SAM registration.

[https://dma.wi.gov/DMA/divisions/wem/egrants/How to Register in SAM.GOV.pdf](https://dma.wi.gov/DMA/divisions/wem/egrants/How_to_Register_in_SAM.GOV.pdf)

WEM cannot award a grant until the applicant has complied with all applicable DUNS and SAM requirements.
